v.

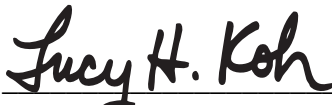

IAC/InterActiveCorp, a Delaware corporation,

Defendant.

On October 21, 2014, Plaintiff Robert Arriaga filed an administrative motion to consider whether his case should be related to *In re High-Tech Employee Antitrust Litigation*, No. 11-CV-02509-LHK (ECF No. 1001). As the judge assigned to *In re High-Tech Employee Antitrust Litigation*, I find that *Arriaga* is not related and therefore deny the motion to relate.

The administrative motion was only filed on the *High-Tech* docket, but a copy of this Order shall be filed in both case dockets.

IT IS SO ORDERED.
